

Promotion Packages

The IFA **Promotion Package** offers exhibitors a set of marketing tools they can use to optimise their trade show and marketing high profile. The Package includes entries in the **printed catalogue** as well as the **IFA Virtual Market Place** - the centralised exhibitor and product search tool on the internet.

All **exhibitors and co-exhibitors** are required to book a Promotion Package. To respond to individual needs and requirements, we have put together different packages that are based on the size of the exhibitor's display exhibition space. However, it is also possible to choose a higher value package according to the listed prices.

After your stand registration has gone through you can request your personal access code from our editorial team via email (editorial@virtualmarket.ifa-berlin.de) in order to upload your data directly online on the IFA Virtual Market Place.
